This auction, the combining of two collections, each of which would be considered an outstanding collection on its own, can properly be described only with superlatives — fantastic color, tremendous variety, top rarities — all these terms can be used without overstating the importance of this auction.

We would like to introduce the owners to you briefly. Ora and Edna Cavett of Ponca City, Oklahoma were among the first carnival glass collectors in the country, beginning more than 20 years ago putting together a fine collection which they sold approximately 10 years ago. As proof of the fact that it is impossible to cure carnival glass addicts, the Cavetts began actively collecting again several years ago. They had learned much while putting together their first collection and used this knowledge in building this outstanding collection, which contains a great variety of beautifully colored pieces. The Cavetts are like the majority of collectors today — quietly building a fine collection simply because they love the glass and want it to brighten their home. They have not been able to do much traveling, but this certainly hasn't kept them from gathering really choice pieces. Now, due to Mrs. Cavett's health, they are reluctantly selling their collection.

Paul and Selma Jankauer of Skokie, Illinois really need no introduction — they are among the most active collectors in carnival glass today, attending most of the conventions around the country, participating in the organization of the successful Lincolnland Club, and often being seen at major auctions. However, Paul really deserves a place in the "Carnival Glass Hall of Fame" for his unbelievable performance in digging out choice carnival glass across the country through his use of "Ma Bell."

The Jankauers have been collectors for a number of years, but were rather inactive due to Paul's business interests. In the last few years they have put together one of the foremost collections in the country. It's not large, but fantastic because of the tremendous quality throughout and the many really top rarities.

Paul and Selma have sold their home and purchased a smaller home and consequently must sell their collection. Since they couldn't decide which pieces to keep, they are selling every single piece in their collection. If you have ever dreamed of owning some great pieces, this is your chance to make your dreams come true.

Paul and Selma intend to remain active in the carnival glass field because they so thoroughly enjoy the people they have met and the fun they have had.

It is difficult to write about this auction and really convey to you the quality of the glass to be sold. So look through this brochure — consider the beauty and rarity of the items pictured and study carefully the list of items to be sold — you're sure to agree that there is a much high percentage of true rarities selling than in any other carnival glass auction ever conducted. A really power-packed offering! However, the rarities aren't the only reason this auction is so fantastic. All the items selling — from rosebells to watersets — are tops in color. You won't be disappointed, no matter what pieces you are interested in.

This auction will be a pacesetter for the 1978 Carnival Glass year, and what a way to start the year off! Make your plans now to be there — renew friendships, meet new friends, and add some choice glass to your collection. Room reservations may be made by calling the Holiday Inn direct at (314) 219-5100. Be sure to mention the auction and ask for a confirmation number.

There is a registration fee of \$5.00 per person which covers the buying number, seat, and a buffet breakfast which will be served at pool-side beginning at 7:30 a.m. Saturday morning. A printed price list will be mailed to all registered buyers after the auction.

Terms: Cash. Checks accepted if you are known to us or if accompanied by proper identification and a current bank letter.

Mail-in bids accepted with 25% deposit. The bids will be handled just as if you were present.

SUSAN N. Pinckney
